THE DEMOCRAT-SENTINEL

COUNCIL MEETING

The regular session of the village council was presided over Tuesday evening, by Mr. Angle, President, in the absence of Mayor Dollison. All the members were present.

The ordinance providing for the abolition of the Board of Health and vesting its powers in a Health Officer was finally submitted. The discussion of this matter was animated, the difference of opinion being confined mostly to the question of salary. This was finally fixed at \$200 per year, and the measure was adopted. City Solicitor Pettit, in his private capacity as a citizen, addressed the council on the subject of the advisability of this action, and protested that the record of the Board of Health showed as few errors as that of the council itself. The ordinance appears in this issue.

Residents of Riverdale presented a protest against the grading that has been done in the Weldy Addition. The petition set forth that the cuts were so deep as to render the place seriously liable to overflow from the river. No action was taken in the matter.

Mr. Simon Brown, representing residents of the Bowen Addition, brought up the question of improving that part of town. This business is already in the hands of the proper committee, and will be taken up on once.

Complaints were received that in various parts of the city the street lights are not kept in proper condition, and are out sometimes for two nights together. No definite action was taken.

On motion of Lanning the committee on street lighting was empowered to advertise for bids for street lighting. The present contract of The Citizens' Electric Light Company terminates June 29, 1908, and it is thought expedient to take time by the forelock.

Authority was conferred on Col. Weldy to negotiate the sale of the city fire engine. Its original cost was \$4500, and the machine has been used scarcely at all.

The accidental discharge of a revolver by David Koble, in Joe Brooker's place, Saturday night, shattered a handsome glass screen and gave a narrow escape to several customers who were in the room at the time. Mr. Koble was arrested and gave bond for his appearance.

COW! You want one of the best in the state, giving near four gallons richest of milk per day. Steve Stiers has her and invites prospective buyers to come, stay over night, see her milked, lead her away next morning. He lives near Haydenville, or address him R. D. No. 2, Box 12, Nelsonville. Also Bell Phone.

The south bound morning train, Sunday, was held at Sugar Grove for about two hours by an accident to the engine. An engine sent up from Logan brought the train down.

Elder and Mrs. Devore, of Vinton, are guests a few days of their daughter, Mrs. J. B. Dollison.

Christmas approaches. Call and look at the stock at the 5 and 10 cent store.

Birthday Party

On Tuesday afternoon from two to four little Ruth Irene Krishbaum entertained a number of her little friends with a birthday party, the little lady not being four years old till February, but on account of the extreme cold weather at that time her mamma planned a party for her previous. The afternoon was spent in childish play after which Mrs. Krishbaum served the little ones with a dainty lunch consisting of ice cream, fruit and candy. Those present were: Kenly and Dorothy Nelle Smith, Margaret Thomas, Kenneth Wright, Violet Brehm, Locke Gage, Josephine Judy, Mary Shanley, Faith Radebaugh, Harold James, Gladdes and Jessens Bowen, Mabel Brown, Mary Thurness and hostess. Little Ruth received a number of handsome little gifts.

Ohio Prohibs.

Ohio Prohibitionists, who had to petition to get on the Australian ballot at the recent election, polled a sufficient number of votes in November to entitle them to a place on the ballot next year without going to that trouble.

The Prohibs cast only a few short of 12,000 votes, which equals one-tenth of 1 per cent, even on a full vote. The Socialists polled a total of 18,432 votes, which gives them a long lead over the other parties, and indicate the growth of Socialism in the state.

The total vote of the state, as shown by the official returns, was only 812,263, which was about 300,000 short of the full vote of the state, making due allowance for the natural increase in the voting population, and 249,000 short of the vote of 1900, when the total was 1,049,000.

Miss Elizabeth Rempel is the guest of Columbus friends.

Miss Bessie Slatzer left yesterday for a visit with relatives in New Straitsville.

Mr. and Mrs. Robert Sanderson, of Washington C. H., were guests of J. T. Sanderson and family last week.

LOGAN SOCIETY.

Starcher-Tritsch.

Mr. Charles Ralph Starcher and Miss Hattie Tritsch, daughter of Mr. and Mrs. Theodore Tritsch, were quietly married Monday evening at eight o'clock. Rev. Wilson, of the Presbyterian Church, performed the ceremony at the parsonage. The young couple will make their home with the bride's parents, on Front Street. They have the congratulations of their many friends.

Twice Five.

Mr. and Mrs. H. R. Harrington entertained the Twice Five Club, Monday evening. An interesting discussion of "The Supernatural" was opened by Judge Wright and Mr. Lewis Green. Supper was served after the close of the discussion.

Social Club.

Once a year at Thanksgiving time the Social Club of Logan have a big turkey supper, and invite their husbands. That annual occasion was pulled off at the home of Mr. and Mrs. J. B. Dollison, on The Heights, Tuesday evening. A most sumptuous turkey supper was served at 7 o'clock.

LABOR TRAIN ASSURED

The Committee from the Board of Trade, composed of D. V. Thurness, F. M. McKay, James Bebout, Fred Weymueller and J. B. Dollison visited Columbus, Tuesday, in the interest of securing the labor train over the Hocking Valley Ry. from Logan to Greendale.

The committees were cordially received by Messrs. Supt. M. S. Connors and Gen. Pass. Agt. W. H. Fisher of the railroad and President Cacklemacker, of the C. H. C. & O. Co. that are building the brick plant at that point. About two hours were taken in business discussion of the merits of the proposed train, resulting in a promise on the part of the railroad officials that they would put on a train on thirty-days trial at any time suggested by the Board of Trade of Logan; this board now to make an effort to ascertain how many persons would regularly ride on the train. It will leave Logan at 5:30 in the morning and return at 6:30 in the evening. The committee in looking over Logan took notice of 40 available houses that can be rented and accommodations for 200 laborers for boarding. The outlook is good. It means much for Logan. Let everybody push the proposition along.

The Warning Bell.

At the Opera House Monday night last Gordon & Bennet presented their famous play, "The Warning Bell," to a good house. The general consensus of opinion of those attending was to the effect that this was among the best plays on the Logan stage in years. They were first class people and were supported by grand scenic effects.

BUCKEYE BRIEFS.

Giving Synopsis of Ohio Happenings.
Mayor Johnson Alleges Libel.
Cleveland, O., Nov. 28.—Mayor Tom L. Johnson has filed suit for \$500,000 damages in a libel suit against the Cleveland Electric Railway company. The case is based on an editorial from the Chicago Journal printed by the railway company in an advertisement in three Cleveland papers. The Chicago Journal was sued by Johnson in Chicago for \$100,000. In this advertisement the Cleveland Electric company, quoting the Chicago Journal, printed that "A three-cent fare railroad is an impossible proposition in the United States" and it calls Mayor Johnson "The Fat Casuist of Cleveland" and "That Adroit Adventurer."

Handcuffed, but Escaped.
Lima, O., Nov. 28.—Wandering somewhere in the northern part of Indiana, his hands manacled in the latest improved handcuffs, is Glenn Watson, who was turned over to South Milford authorities by the authorities here. Watson was arrested on grand larceny charge and escorted to the state line. On the excuse of wanting a breath of fresh air he was granted permission to stand a moment on the car platform. In a flash he leaped from the train, which was going 10 miles an hour, and escaped, handcuffs and all.

Special Legislation.
Columbus, O., Nov. 28.—The special law applying to Cuyahoga county and providing that the commissioners there may extend the time for the payment of taxes from Dec. 20 to Jan. 20 and June 20 to July 20, was declared unconstitutional by the state supreme court. The decision was made in the case of J. P. Madigan, treasurer of Cuyahoga county, against the state ex rel. Fred C. Beyers. The Cuyahoga courts sustained the commissioners, but the supreme court reversed the lower courts.

Licentious Compact.
Columbus, O., Nov. 28.—Information from sources in both Columbus and Cleveland reached Juvenile Judge Samuel L. Black of this city that there is a regular traffic in young girls of these cities by keepers of resorts, who act in conjunction with one another. A Cleveland official stated: "When girls of the Forest City are put on probation by the Cleveland authorities they are often transferred by the keepers of houses to Columbus, and the Columbus women in turn return the compliment."

Former Appleyard Manager.
Columbus, O., Nov. 28.—News was received here that Richard Emory, former manager of the Appleyard syndicate lines of electric railroads, with headquarters in this city, died suddenly in San Jose, Cal. Mr. Emory had not been ill and his death was a shock to his friends. At the time of his death he was manager of the San Jose electric streetcar lines. Mr. Emory came to Columbus from Detroit in 1902, and was manager of the Appleyard lines for two years.

Neck Broken.
Sidney, O., Nov. 28.—As Edward Moyer, son of George Moyer, in the western part of the county, was returning from hauling a load of hay to Ploum, his team became unmanageable and he was thrown off the wagon, a wheel passing over his neck, breaking it and killing him instantly, when within a short distance of his home.

Four Miners Caught.
Caldwell, O., Nov. 28.—Machinist Henry Boyd, Eugene Hutchins and Ernest Smith, employed in Imperial coal mine at Bellevue, three miles from here, were horribly burned by the explosion of a 25-pound keg of powder. The exploding powder, which was in a very small room in the mine, set fire to the men's clothing.

Father Admits Unnatural Crime.
Wooner, O., Nov. 28.—Charles Edward Brown, a blacksmith of Orrville, aged 51, was arrested here, charged with criminal intimacy with his 13-year-old daughter Nettie, and he at once confessed. Brown's confession was a heinous revelation to the officials. His case was held to the grand jury.

Woman Fatally Burned.
Sandusky, O., Nov. 28.—A patent polish purchased from a peddler exploded while Mrs. James Miller, 70, a widow residing near Bloomingville, was brushing up her kitchen stove in which there were a few hot coals. Mrs. Miller's clothing took fire and she was fatally burned.

Struck On the Head.
Kenton, O., Nov. 28.—B. F. Wollington, a prominent contractor, while standing near a house that was being moved, was struck on the head with a ladder which fell from the roof and his skull fractured. His injury is considered fatal.

Scalded at Brick Plant

Daniel Struble, employed at the plant of The Logan Brick Mfg. Co., met with a painful accident early Monday morning. About half an hour after work had started, Mr. Struble, in passing through the machine room at the old plant, slipped and fell into a vat of hot water formed by condensation of exhaust steam. There was about three feet of water in the vat at the time, owing to the clogging of a valve, and the scalding fluid reached nearly to his waist. At first it appeared that his injuries would be fatal, but later reports are more encouraging. Mr. Struble is married and has a large family.
